

Press release Calendar Week 11/I

I want to ride my bicycle Rameder with new bicycle carriers

Springtime is cycling time. Right on time for the new outdoor season, **Rameder**, a leading provider of towbars and transport solutions, will include new **bicycle carriers** in its portfolio. So venture out of doors! You can find all the new racks at www.rameder.eu.

The new models by **Thule** and **Eufab** leave nothing to be desired. If you want to take two or three bicycles or even e-bikes – the German company will always provide the right model for all needs.

The new Thule racks are the **Thule Velo Compact 924** for Euro 429 and the **Thule Velo Compact 926** for Euro 539, with a payload of 40kg and 51kg respectively. The **Velo Compact 924** can thus carry two and the **Velo Compact 926** even three bikes.

And **Rameder** will even feature three new Eufab models: the **Premium II** and the **Premium II Plus**, each for two bicycles, and the **Premium III**, for three. All new Eufab racks are low-weight and have a payload of up to 60kg, can transport e-bikes and are foldable. And they do not only save space but also money: the **Premium II** and **Premium II Plus** cost Euro 339 and the **Premium III** Euro 399 in the **Rameder** shop at www.rameder.eu.
